Spelling Practice Activity

Dear Family,
Ask your child to write the spelling words correctly on a separate sheet of paper. As you work with your child to practice this week's words, try the following activity.

Sounds, word structure (prefixes, suffixes, and root words), and word meaning all provide clues to spelling. The following activity will encourage your child to learn to spell words through recognizing clues rather than by memorizing them. Remove the suffixes from the words in this spelling list, and have your child write them in.
Examples:
wis _____ (wisest)
wis _____ (wiser)

Spelling Practice Activity

Dear Family,
Ask your child to write the spelling words correctly on a separate sheet of paper. As you work with your child to practice this week's words, try the following activity.

Have your child make flash cards for these suffixes: -er, -est, -ed, -ing. Have your child fan the cards facedown. Choose a card and read a word from the list that has that suffix. Read the word aloud as your child writes it in a sentence. Shuffle the cards and draw again. Continue until all the words have been read aloud and written. Have your child check spellings against the list.
