### Spelling Practice Activity

#### Dear Family,

Ask your child to write the spelling words correctly on a separate sheet of paper. As you work with your child to practice this week's words, try the following activity.

Write each word of a compound word on a small card or a piece of paper. Make eight narrow cards and write hyphens on them. Make seven more blank cards for the spaces between open compound words. Mix up all of the cards. Read a spelling word from the list. Have your child find the two or three words that make the compound word and any needed hyphens or spaces. Have your child assemble the word parts to complete the compound word. Then have him or her write the word on a separate sheet of paper.
